Miami, Florida 33233

Frequently Asked Questions

Why are there 2 petitions?

Florida law requires that a citizens' petition only contain a single subject. Please complete and sign both.

What if the individual has just registered for the first time, and has not yet received a voter registration card?

If a voter is not registered with Department of Elections, the petition will be thrown out. If a voter has recently registered, they may want to wait to send their petition into FDF's office.

The length of time it takes to process varies by county, check with your county's supervisor of elections office.
